

Chamber of Eco Commerce (CEC)

Soft Landing Services in North America

CEC is a one-stop gateway for establishing a business in North America. We make it easy and affordable for you. Our services are carried out with a network of Preferred Service Providers (PSP), which include companies, R&D Institutions, Universities and Authorities.

We assist regional economic development agencies, public/private sector economic development alliances, state and national agencies, cities and other service organizations develop and implement Eco Commerce projects to attract investment and jobs to the region.

We utilize our fast growing international network to help companies efficiently enter the markets. Specific soft landing services include:

Preparatory Work

Introduction to relevant people and networks discussing needs and requirements; Ongoing support, including sector-specialist advice; Providing the right contacts; Coordinating and providing representation for companies.

Exploratory Services

Financing; Liaison and information services; Tailored business visits; Market analysis and entry planning; Office space for the starting period.

Incubation Contract (Optional)

Business idea evaluation; Plan development; Coaching and advice; Finding sales agents, distributors or strategic partners.

After Successfully Landing in North America

Set-up services for the organization; Business and R&D partners; Business permits and licenses; Legal and regulatory assistance; Human resource assistance; Marketing research assistance; Business launch networking and matchmaking services; Finding office space and facilities.

Set-up Services for Individuals

Work and residence permits; Housing search and support; Family adjustment services; Assistance in everyday life; Job search assistance; Language skills and social networking.

Business Development & Expansion Services
