INVITATION

We invite you to join the [International Eco Commerce Partnership 2014-17](#), and [Eco Commerce Exchange \(ECE\) Marketplace](#).

VIRTUAL TECHNOLOGY SHOWCASE (VTS)

The [Virtual Technology Showcase](#) features Best Conservation Solution (BCS) and Best Adaptation Solution (BAS) providers and their compelling technologies, public and private partnerships, projects and initiatives in [Eco Commerce](#), [ECOnomic Growth](#), [Nature-Related Risks and Opportunities](#), [Climate Resilience](#), and more.

EXECUTIVE FORUM

The ECE gathers motivated leaders and learners from Business, Industry, Government, NGO, Academia, and Non-Profits, and Values Based Investors (VBI).

AWARENESS

The ECE delivers information to business professionals and the public. In keeping a strong presence in Eco Commerce, the ECE expands its reach through its unique [Web-based Communication Platform](#).

EDUCATION

The ECE is committed to education and workforce training. Please contact ECE, if you would like to share your expertise through [EcoLexicon Partnership 2014-17](#) program.

ONLINE MARKETPLACE

[Smarter Marketing](#) is vital to make the business and the public to understand the real benefits of Eco Innovation and Commerce.

Through ECE's independent Integrated Marketing Communications (IMC) and [Online Marketplace](#) approach, ECE is pioneering to serve the global business community and the public, delivering economic, environmental and social benefits, and creating shared value to all.

ECO COMMERCE EXCHANGE (ECE)

The ECE delivers business intelligence, experts and expertise, the latest news and special reports, on current issues and activities in the fast growing Eco Commerce arena.

Launched in 2009 in Atlanta, to advance Trade, Investment and Cultural Exchange, ECE has paved the way for new standards of partnerships, earning the trust of business, government, academia, non-profit, and the media.

Through innovative strategic alliances, ECE continues to expand its reach, and content, communication and distribution channels exponentially.

Dear Partner in Eco Commerce,

On behalf of Eco Commerce Exchange (ECE), I cordially invite you to join the Virtual Technology Showcase (VTS), to share your technology-driven solutions and knowledge with global ECE audience.

The VTS is a spectacular Web-based Marketplace, featuring Technology Experts, established Brands and Emerging Companies, and Enterprises and Organizations from around the planet.

You can visit the VTS to learn how to CONSERVE RESOURCES and INCREASE PROFITS through TECHNOLOGY. You can lease a VIRTUAL SHOWROOM, to expand your reach, build your brand, and create strategic partnerships. Or you can use the VTS to market your products and services effectively to our highly motivated and targeted international audience.

You can lease a virtual showroom for 12-months, for much less than ever thought possible! Start showcasing YOUR company, experts and expertise, products and services, education and workforce training programs, and publish your news and critical information through our Multi Media Marketing System (MMMS), including online Marketplaces, Magazines, and B2B Directories.

We sincerely appreciate your support and look forward to your participation - learning about You and YOUR business, challenges and solutions, and building strategic partnerships, as we continue to work together to expand Eco Commerce across industries and continents.

With best personal regards,

Mínna LeVine,
CEO
Eco Commerce Exchange (ECE)
